OBJECTIVE

Motivated Computer Science undergraduate with hands-on experience in **Java, HTML, CSS, JavaScript, and MySQL**, along with internship experience in **Full Stack Web Development**. Seeking an entry-level **Software Developer** role to apply programming, problem-solving, and web development skills to build efficient and scalable applications while contributing to organizational growth.

SKILLS

- **Programming:** Java, JavaScript
- **Frontend:** HTML, CSS, JavaScript
- **Backend:** Basic Core Java
- **Database:** MySQL
- **Core Concepts:** OOP, DBMS

PROJECTS

Face Recognition Based Attendance System

Feb 2025 – Jun 2025

Python, OpenCV, Haar Cascade, LBPH Algorithm

- Developed an automated attendance system using **facial recognition technology** to track student attendance efficiently.
- Implemented **real-time image capture, facial feature detection, and database matching** for accurate identification.

Detection and Prediction of Human Common Disease Using Machine Learning

Oct 2025 – Jan 2026

Python, CNN, MobileNetV2, Flask

- Built a **web-based disease prediction system** using CNN with **MobileNetV2** to detect common diseases from facial and skin images.
- Developed a **Flask web application** enabling users to upload images and receive real-time predictions with confidence scores.

EXPERIENCES

FUEL (Friend Union For Energising Lives)

Jul 2025 – Aug 2025

Java and Employability Skills Intern

- Completed hands-on training in **Core Java**, covering OOP concepts, loops, arrays, methods, and basic problem solving.
- Developed simple **web pages using HTML and CSS**, focusing on page structure and responsive layouts.
- Participated in **employability training** including communication, teamwork, resume building, and interview preparation.

TAP Academy

Feb 2026 – Present

Full Stack Developer Intern

- Currently undergoing internship in **Full Stack Web Development** using HTML, CSS, JavaScript, and Core Java.
- Applying **OOP principles, loops, methods, and data structures** to build backend logic.
- Working on **full-stack projects and coding exercises** to improve debugging, development, and problem-solving skills.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

2022 – 2026

Government Engineering College Gangavati, CGPA: 7.31

Gangavati, India
